November 2013

To Whom it May Concern,

My name is Anthony Frascone, I am the Principal for John Sinnott Elementary School in Milpitas, California. It gives me great pleasure to write this letter of recommendation on behalf of the Bay Area Tutoring Association. I am appreciative of their continued commitment and support with regard to the individual needs of my students. These items listed below are just a few of the reasons I continue to partner with them each year.

- Bay Area Tutoring Association philosophy which places high priority on relationship building and life application as it relates to traditional academics.
- Diversity of staff (ethnicity, age, academic/professional background)
- Tutoring knowledge of staff (average tenure of team 3+ years of tutoring experience)
- Culturally relevant approach
- Ability to motivate and increase student self esteem and confidence through cultural exploration, speech and debate, reading and writing about non-fictional text, and collaboratively working in groups.
- Personalized tutoring programs for all subjects

The Bay Area Tutoring Association has proven to be a valued partner with the Milpitas Unified School District's Student and Parent Support Programs and I wholeheartedly recommend this program to your organization and believe that they will be an outstanding asset.

Please feel free to contact me anytime regarding The Bay Area Tutoring Association

Sincerely,

Anthony C. Frascone, Principal
